Section 402. Building Setback Lines and Lot Coverage

(a) Purpose.

(1) To protect the public health, safety and welfare of the Citizens of Garrett Park and, more specifically, to preserve and protect the lands and improvements within the Town by ensuring that all proposed new construction and alterations to buildings in the Town be compatible with the Town's existing scale, natural topography, vegetation, trees, physical setting, and density of development.

(b) Setback and Lot Coverage Requirements. All buildings on land zoned for single-family residential use hereafter erected or altered shall adhere (except as provided in Section 403(d)) to the setback and lot coverage requirements of the Montgomery County Zoning Ordinance and definitions in effect at the time of the application for a building permit, and to the additional setback and lot coverage requirements set forth below:

* * *

(3) ~~Minimum combined setback.~~ The total of the combined setback areas for main buildings, being the sum of front, rear, and side yards, shall not be less than eighty-two (82) per cent of the entire lot area. Maximum lot coverage. The maximum percentage of the net lot area that may be covered by a main building is eighteen (18) per cent.

(4) Adjustments of setback and lot coverage requirements.

(4.1) Where applicable, either of the following adjustments may be made in the required setback:

(4.1.1) If the total side setback requirement is more than twenty-five (25) feet for lots with over sixty (60) feet in width at the main front building line or twenty (20) feet for lots with sixty (60) feet or less in width at the main front building line, it may be reduced to not less than twenty-five (25) feet for lots with over sixty (60) feet in width at the main front building line or twenty (20) feet for lots with sixty (60) feet or less in width at the main front building line provided the resulting reduction in side yard areas is offset by an equivalent increase in the square footage of the rear and/or the front yard areas.

(4.1.2) If the rear setback requirement is more than twenty-five (25) feet for lots with over ninety (90) feet in depth or more than fifteen (15) feet for lots with ninety (90) feet or less in depth, it may be reduced to not less than twenty-five (25) feet for lots with over ninety (90) feet in depth or fifteen (15) feet for lots with ninety (90) feet or less in depth provided the resulting reduction in rear yard area is offset by an equivalent increase in the square footage of the side and/or the front yard areas.

(4.2) Building setback lines **and lot coverage requirements** shall be subject to adjustment under Section 403 (Variances) of this Code of Ordinances to the extent necessary to assure that a reasonable net lot area is available for the construction of any additions to main and accessory buildings.

Section 403. Variances

* * *

(c) Conditions upon which relief may be predicated

(1) No variance shall be granted unless the Council finds, on the basis of the evidence of record that good cause has been shown on the following grounds for relief from the strict application of the building requirements.

(1.1) Because of the unusual dimensions, shape, topography or other exceptional characteristics of the lot, the lot cannot accommodate the building sought to be erected if the setback or lot coverage requirements of Section 402 are strictly applied to the construction and the strict and literal application of Section 402 to the lot would result in peculiar or unusual practical difficulties to, or exceptional or undue hardship on, the owner of the property.

SECTION 3. AND BE IT FURTHER ORDAINED AND ORDERED, this ____ day of ____, 2008, by the Town Council of the Town of Garrett Park, acting under and by virtue of the authority granted to it by Articles 23A and 28 of the Maryland Code and the Town Charter, that:
